2018 Residents' Handbook

INTRODUCTION

Newstead Residence

The Newstead Student Residence is located at 30 Cypress St, Newstead, next door to Newstead College. The Residence provides accommodation for students from the East Coast, Flinders Island and North East Tasmania undertaking Year 11 and 12 studies at Newstead College and Launceston College. The Newstead Student Residence aims to provide students living and studying away from home for the first time, with a safe, supportive and happy environment. The Residence provides a marvellous opportunity to experience life as an independent young adult, responsible for their own meal preparation and cleaning of the unit with an emphasis on being a good neighbour.

We ask that you take the time to read this handbook and discuss any queries with the **Residence Manager, Sandra Hudson 6337 3100** or **0417 907 170 (evenings)** or Newstead College **Administrative Manager, Debra Scott 6332 3232**.

ACCOMMODATION

Newstead Residence

The Newstead Student Residence, which caters for 50 students, comprises 12 self-contained, fully furnished and equipped, three, four and five bedroom units. The Residence has a shared accommodation arrangement. Each student has their own bedroom with a shared lounge, bathroom and toilet facilities. The lounge is fully furnished and the kitchen is fully equipped including: white goods, cooking equipment, crockery, cutlery, etc. Residents are responsible for their own cooking and cleaning of the units.

Facilities provided at the Newstead Residence include a study room with 10 networked computers including email and internet access and a common room with recreational facilities. The common room provides students with an area to relax and socialise. Recreational activities include: an eight ball table, small air hockey table, and large television and DVD player. A laundry with coin operated washing machines and dryers and a clothes line is provided.

Residents stay at the Newstead Residence for either a five day period, from Sunday night through to and including Thursday night, or a full seven day period if circumstances warrant it (e.g. Flinders Island students).

It is assumed that students taking up residence will display a mature and responsible attitude. Active participation in their studies including full attendance is a requirement for residency. It would be inappropriate for anyone to be taking up a place if they are not committed to their learning. The Manager lives on site to assist students and provide supervision.
